Good morning,

Unfortunately we are not able to deduct payments or accept payment by card or phone. Cash, check, or money order are our acceptable forms of payment.

Mrs, Bruno,

Could you please provide me with acceptable payment methods so we can get you the \$750.00 to cover the down payment.

Mr. Sevier is currently hospitalized and is scheduled for surgery on the 25th of this month. Because of his ongoing treatments and the potential additional "in patient" procedures/treatments, I wanted to see if there was an option to have the 11 remaining payments set up automatically to minimize the risk of finding Mr. Sevier unable to make or miss one of the payment to pay his account off.

Thank you,
Nathalie Blockhuys.

Ms. Desiree,

I spoke to your Branch Manager, Vanessa at 817-221-8440 who asked me to send you an email regarding our client's account Mr. Napoleon Sevier. She explained that any offer we wanted to submit to resolve Mr. Sevier's account needed to be submitted directly to you, but kindly informed me that settling for less than the full balance owed is not generally accepted to resolve outstanding or past due accounts.

With that in mind and in light of Mr. Sevier's recent medical hardship circumstances that are continuing to set him back due to ongoing treatments, would you be willing to accept a payment arrangement to pay the account off? I want to make sure our client is able to afford making the payment to pay off his account and not run the risk of finding himself in another default situation because he agreed to make monthly payments higher than he is able to afford.

We could have a down payment in the amount of \$750.00 to you by 04/15/2019, followed by 10 payments of \$60.00 on the 15th of each month and a final payment of \$52.50 on or before March 15, 2020. for that balance owed on the account of \$1,402.50.

Please let me know if this payment arrangement is acceptable to resolve our client's account.,
Feel free to contact me directly with any questions or additional information you might need.

Thank you,
Nathalie Blockhuys.

Thank you,
Nathalie.
