Called Discover (800) 347-3122, spoke with a Jennifer and she said Discover is no longer reporting the account to the Credit Tradelines.

She transferred me to another Discover specialist, Mike. Mike said the account has charged off and that there are no current active collections activities.

I asked Mike if there is anything in writing that will explain that that they can fax to our office, and he said no.

Mike's phone# is (800) 347-4861
